Products Table

The Inventory Module

Is divided into two pages

1. **Equipment Page**
   - is the page that displays the company's list of equipment
   - In this page using the search bar users can locate a specific item using the equipment's name, id, or its status.

2. **Stocks Page**
   - is the page that displays the list of beauty products the company has.
   - In this page using the search bar users can locate a specific item using the product's name, id, or expiration date
